## Whiskey at Work

*Proof that a Venerable Distillery  
Can Still Elevate the Spirit*

### OBJECTIVE

Now a gem in the landscape of Toronto, the multi-use Distillery District is centered around a classic stone Victorian-era building in which BIMM Direct & Digital located its new offices.

GIOTAN Design was presented with the opportunity to re-envision the interior space for BIMM Direct & Digital and create a modern work-space for this prominent ad agency while building on the spirit of the structural elements.

The result is an efficient, high-energy work environment captured inside the spirit of this multi-storied distillery marvel. The client is delighted.

### PRODUCT

56 Workspaces  
Create Office Platform - desking  
MultiStations OS - panels

*"The clean, sleek styling of the Three H furniture does a nice job of converting the 150 year-old stone walls and timber beams into a creative 21st century workspace. And the efficient versatility of the workstations encourages a naturally collaborative environment for our team."*

Brian Bimm, President  
BIMM Direct & Digital

*"After going over several furniture options with SCI Interiors and BIMM Direct & Digital, it became quite clear that Three H's Create Office Platform and MultiStations OS would be a perfect fit for our client. Specifically, we were looking for furniture that exhibited exceptionally clean lines and uncompromised functionality, and that would effectively enhance the historic beauty of the Gooderham & Worts Building. Three H accomplished this by all accounts."*

*"My designers and I would highly recommend Three H, not only for their excellent products, but also for their superior service, support and expertise."*

Sid Tan, Partner  
GIOTAN Design
