Discovering "The Look"

Office Furniture that Showcases a Company Brand

OBJECTIVE

When your office is also your showroom you need to ensure that your office furniture is at peak performance and that it mirrors your brand positioning. When your brand message is high quality, custom home construction, what better office furniture than Create Office Platform™ by Three H.

Maric Homes had an idea for the look of the furniture in their new showroom and office. So when Accent Workplace Environments approached them with options, their decision was immediate and unanimous: Three H.

The styling of Create Office Platform is progressive, unique and yet instantly approachable. The ability to customize the furniture acted as an excellent example of Maric Homes' brand trademark of custom home building. Combining the two made a perfect match-up.
